

1 REGIONAL PRODUCTS, SELF-ORGANISING LOCAL COMMUNITIES IN THE SZIGETKÖZ REGION

REGION

Rábaköz is one typical small region of the Little Plain (Kisalföld), it consists of Kapuvári-sík and Csornai sík. From south and east it is surrounded by river Rába and from the west river Répce. River Rába built the surface and gave the chance for the life with the good quality lands and rich grass pastures.

Szigetköz is a small region surrounded by Old-Danube and Moson-Danube. The rivers romantic water labyrinths offer lots of experience for the water loving tourists. This is the biggest island of Hungary which is 375 km².

DARNÓHÚS

The company has a 23-year-old history in Darnózseli. It was a long and difficult journey to become the company which we know today. On the offer list there are more than 25 products which won Hungarian Quality Product Award.

The company's goal is to be unique. They don't want to compete with the cheap products' prices of the food market because today's big price competitions spoil the quality of the food and repress the healthy food status. Darnóhús' belief is to produce only from the best ingredients with well skilled colleagues. The company bring the environment preservation to the fore during the production by using modern technologies.

RANYÁK HORTICULTURE

István Ranyák and his wife started horticulture in 1992. Most of their products are sold on markets, in villages and their own small shop. In parallel with the start of arable crops and horticulture, meeting all requirements machinery and refrigerator system were made. There are 6 greenhouses, in their family garden, from which 2 can be heated for seedlings production. Nowadays, 5 employees working on the 80-hectar fields.

DUNASZIGET VEGETABLE COMMUNITY

The community operates for five years according to a French agricultural model. A competent family provide the vegetable needs of the families living nearby. In this little biodynamical working farm they produce in the spirit of environment protection. The members of the community organized around the farm are the partners of it so they share the goods. As a result of trust, commitment, partnership and expertise families can take home baskets with full of varied, fresh, local, chemical and fertilizer free vegetables.

SZIGETKÖZ LELKE PÁLINKAHÁZ (SPIRIT OF SZIGETKÖZ PÁLINKA)

It was found in 2009. This classic manufactory was built as an exhibition brewery, where the procedure of pálinka distillation can be perfectly monitored from the fruits to the distillate. The factory is committed to the high quality and premium pálinka production. In the company the tradition, modern technology and the renewable expertise are combined. The owner Ferenc Rácz's high expertise and the humility to the pálinka production ensures the visitors about that they not just taste pálinka but the spirit of the fruit.
