

# 7 DEMONSTRATION FARMS AND TRAINING CENTRES

## AXIAL LTD

Axial Ltd is one of the largest Hungarian owned agricultural machinery importer (excl. Claas, Fendt), distributor and service supplier. The company created the so called "AXIÁL for the Future's Professionals" program that serves theoretical and practical education of the craftsmen, as well as high level of cooperation with several secondary schools and institutions of higher education, and with our suppliers.

## PROTEUS GOLD LTD.

Proteus Gold Ltd. (Lipót Bakery) is country wide bakery chain company owing more than 200 franchised shops in Hungary and abroad. The company believes that through traditional recipes its products live up to the quality standards necessary for satisfying its honoured customers. The revamped Lipóti Bakery in Lipót now awaits its customers equipped with a glass gallery, where visitors can gain insight into the bakery factory's technological background while holding freshly baked pastry and steaming coffee in hand. Find out how the original Lipóti bread is

made, learn the tricks of the trade, and see what a devoted, humble effort it is to produce quality handmade bread.

## ÓVÁR TEJ LTD

Óvár Tej Ltd. is a dairy product manufacturing company established in 1903 by the Hungarian Royal Dairy Station and the Hungarian Dairy Experimental Institute. The company produces different types of disc- and square-shaped cheese (e.g. Trappista, Edam, Gouda, smoked cheese and light Óvári Tilsiter, etc.) based on the Hungarian cheese-making processes and by the most up-to-date technique ensuring first-class quality. The factory has long connection

and cooperation with the Faculty of Agricultural and Food Sciences enabling students and researchers to study and work in practical conditions.

## "TROUT CIRCLE"

"Trout Circle" Nature-protective Association (Eco-park) was created in 1998 with the aim of deepening people's knowledge and love for nature and to foster sustainable and healthy living on our Earth. Their activities are complex: organizing nature-awareness canoetours and watercamps; running nature school, ecopark, educational centre and hostel; planning and creating of interactive exhibitions in connection with nature; organizing rubbish-collecting days on land and on water; publishing of specialized books and brochures, etc. We will visit its educational center, interactive exhibitions and active training sites.
